

## EMPLOYMENT HISTORY

### Independent Consultant

*Clients have included (in reverse chronological order), KrakenWhip (2016), KinkBNB (2015), Interviewing.io (2014), iXSystems (2013), PodOmatic (2013), Mission Workshop (2010), Rainforest Action Network (2010), Kiva.org (2010) Applied Ops (2009-2015 [still an advisor]). Typically I performed network & system administration duties as a standard IT role, but also on occasion do development, deployment of new hardware & software, recommended equipment & vendors, assisted with internal security review & incident response & remediation, & helped my clients cultivate & implement best practices relative to the needs of their organization as appropriate, referring them to other trusted vendors or collaborators if required or if I knew some other organization or individual was a better fit for their particular needs.*
